

ANDRÉS HERENCIA

Forward Deployed AI Engineer | 2 x AWS-Certified | + 3 years designing & building AI-driven products

📍 Madrid, Spain | ✉ andresherencia2000 | 📞 +34608325729 | 🔗 LinkedIn | 🐙 GitHub

EXPERIENCE

Forward Deployed AI Engineer ————— 02/2026 – Current

📍 *InnoIT @ Moody's*

- Design and build **agentic tools** and an **HMAS** in TypeScript using **skills** and **MCP servers**.
- Developed an **event-driven architecture on AWS** to generate EWS reports, reducing delivery time from 4-5 days to **under 10 minutes**.
- Lead internal use cases for **consulting engagements**; Support role profiling via **technical interviews**.

Machine Learning Engineer ————— 09/2024 – 02/2026

📍 *Minsait @ BBVA*

- Developed a serverless **GenAI** claims classifier: **98% accuracy**, triage in **under 3 minutes**, **<€0.50/email**.
- Led planning and delivery for internal Minsait projects: **BigRAG** (MS Azure) and **LLM Evaluator**.

DevOps & MLOps Engineer ————— 02/2024 – 09/2024

📍 *The Cliff*

- Scaled AWS infrastructure (**ECS**, **EKS**, EC2) with **GitLab CI/CD** to deploy microservices.
- Improved **LLM** observability with **Langfuse** and **MLOps** workflows for **RAG** (**Qdrant**).

Big Data & Data Science Researcher ————— 12/2021 – 04/2023

📍 *SUNRISE European project (Part-time)*

- Built and trained a logistic **optimization model** for the CRTM transport network.
- Performed geospatial data analysis using the **Google Earth API** and **PySpark**.

📍 *Cabify Chair (Internship)*

- Developed statistical models for a **mobility simulation platform** actively used by the company.
- Presented this work as part of my **Bachelor's Thesis**, awarded the maximum grade [**10/10**].

EDUCATION

Master's Degree in Statistical & Computational Data Science [9/10] ————— 09/2023 – 06/2024

Universidad Complutense de Madrid & Universidad Politécnica de Madrid

→ **Thesis**: Analysis of the Transformer architecture and foundation model *fine-tuning* using QLoRA [9.8/10]

Bachelor's Degree in Telecommunication Engineering ————— 09/2018 – 07/2022

Universidad Politécnica de Madrid

CERTIFICATIONS

AWS Certified Solutions Architect – Associate (✓) ————— 04/2025 – 04/2028

AWS Certified Machine Learning Engineer – Associate (✓) ————— 11/2025 – 11/2028

Also: **Software Architecture Patterns & System Design** (2026) · **Agents & MCP** (2025).

PROJECTS

SplitterMR (+25 ★ on GH): Python library to ingest documents into markdown chunks; used internally at Minsait.

PresentIA: GenAI MVP that turns prompts and media into editable PowerPoint decks.

AWS MCP CLI: LLM-powered agent to run AWS instructions from natural language.

SKILLS

AI/ML: LLMs, RAG, Agents & MCP, MLOps, Deep Learning, Statistical modelling

Software: Python, TypeScript, FastAPI, React, LangChain, Langfuse, Git

Cloud: AWS (Lambda, S3, ECS, OpenSearch), Azure, Terraform, Docker, CI/CD

Languages: Spanish (C2, *native*), English (C1), Italian (*limited work proficiency*)

Conferences: AWS Summit Madrid 2026 · Applied AI beyond the hype (2026)
